

Sonshine Christian School Student Drop Off and Pick Up Guidelines

We need your help to ensure that this process goes smoothly and that no one is injured. Please cooperate with the following guidelines and with our personnel who monitor this area.

Absolutely no parking or standing allowed in the turn-around area at any time. While this is essential to keep traffic flowing smoothly it is also the law as this is a fire lane!

Daycare parents must park in the parking lot and walk in to drop off or pick up children. Curb parking is now prohibited for safety reasons. The Daycare will be implementing a new traffic flow of their own in the near future.

Please examine the diagram for traffic flow and notice the arrows and their direction. Driving in the direction of these arrows ensures all vehicles are progressing in the same direction and ensures safety for all.

DROP OFF

Park your vehicle in the parking lot if you need to come into the school for any reason.

To drop off when you are staying in your vehicle, remain in the right lane and move ahead as appropriate until you reach the unloading area near the main doors of the school. Please have your child(ren) exit your vehicle quickly.

Please take care of special instructions, long good-byes, etc. before you reach the unloading area, it will help all parents unloading.

PICK UP

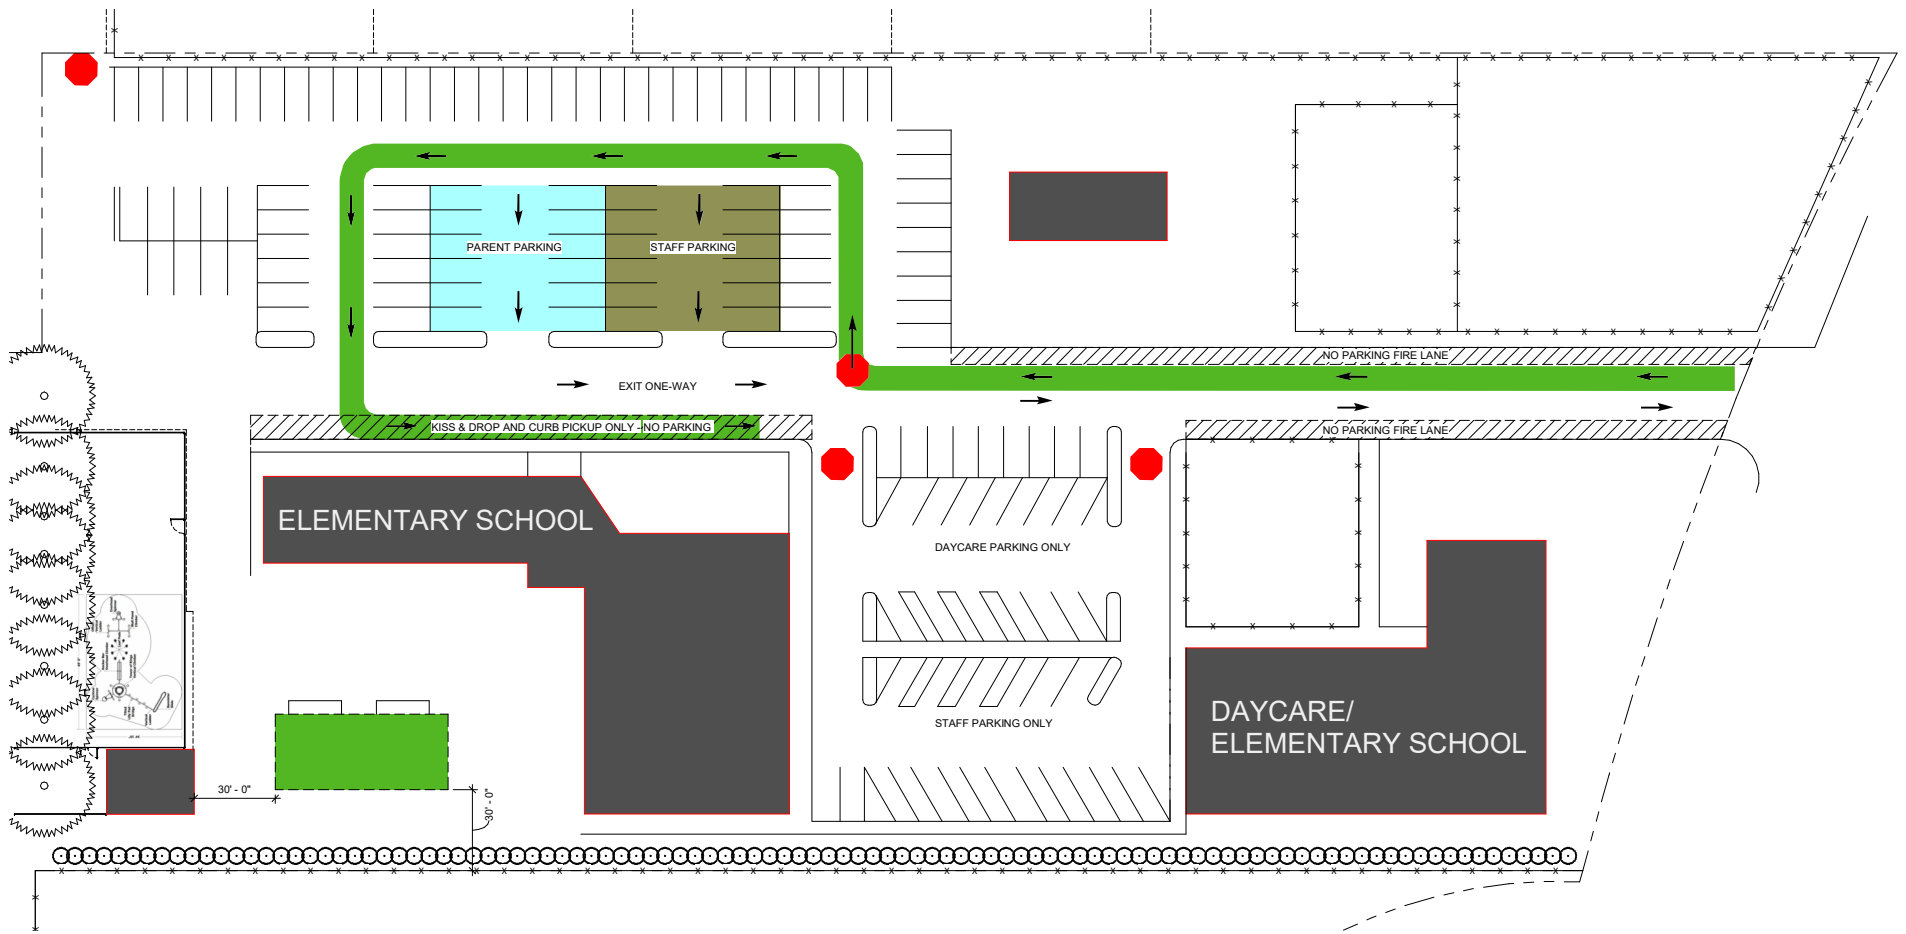

Park your vehicle in the parking lot if you need to come into the school for any reason.

To pick up when you are staying in your vehicle, pull forward in the right lane and move ahead as appropriate until you are in the loading area near the main doors of the school.

Please have your child(ren) enter your vehicle quickly and move your vehicle from the loading/unloading zone.

School Doors will be unlocked for drop off and pick up from 08:15-08:30AM and 03:00-03:15PM.

Thank you so much for your cooperation and assistance with this as we work to have less safety risk to all Staff, Students and Families dropping off and picking up.
